

# Type 29

## Connection Head

Connection Heads

The Type 29 connection head is manufactured from 316 stainless steel with a high polish finish and is weatherproof to IP67. This housing is suitable for an HBS16001 loop powered indicator and can be fitted with most types of ceramic terminal block or DIN standard transmitter. If required this housing can be specified with a surface mounting plate for easy attachment to a wall or similar surface.
