

Type 38

Connection Head

The Type 38 connection head is manufactured from high quality aluminium and is also sometimes known as a BUZ-H connection head. This aluminium housing can be fitted with most types of ceramic terminal block or DIN standard transmitter and is weatherproof to IP68. Additional options include either a M24 x 1.5 or 1/2" BSPP threaded probe entry. The screwed hinged lid allows for easy access to the sensor and termination.
